

B"sd

Shalom,

I wanted to take this opportunity to thank all of the Nehusha community for the very generous donation that will enable a large and struggling Jerusalem family to celebrate their son's Bar Mitzva. Their [-----] son (out of [---] children) suffers from Down's Syndrome and although the family wasn't considering celebrating a bar mitzvah, the child's school insisted on a celebration next week on his birthday at the [-----] Special Education School.

Your very generous donation (really at the right place and at the right time) will enable the family a chance to share their happiness at the boy's growth and development. Thank you for your generosity and chessed.

Regards,

[-----, Jerusalem]
